Cavan Monaghan Area Mental Health Services

The Cavan-Monaghan Mental Health Service is delivered through specialist mental health multi-disciplinary teams from childhood to old age:

- **Child & Adolescent Mental Health Service;** The Child & Adolescent Mental Health Service Team is a multidisciplinary service that prioritizes the assessment and treatment of children up to the age of 16 presenting with mental health problems.

- **Adult Community Mental Health Service;** The Adult Community Mental Health Service is a multi-disciplinary service that provides mental health care to working age adults. Its aim is to provide an integrated, comprehensive, high quality, individualized system of care and support which meets the needs of people with acute mental health problems and their carers.

- **Community Rehabilitation Service;** The Community Rehabilitation Service provides care to people with severe and enduring mental health difficulties who have complex needs. The core philosophy of the Adult Community Rehabilitation Service is to provide individualized care programmes for service users and carers, based on identified need and implemented as much as possible in a non-institutional setting.

**Working with RCSI - Overview of Benefits:**

- Participation in appropriate clinical courses and be refunded up to €450 on successful completion;
- Refunds available up to €450 on passing approved examinations;
- Benefit from up to 14 days Educational Leave to support participation on approved courses, exams or professional development activities.
- Clinical Tutors are eligible for the RCSI Staff Development Programme which provides Funding available for Masters Level programmes - MD // MSc. (subject to certain terms and conditions)
- Contract may be extended for a further year in one of RCSI's other teaching hospitals.

**RCSI Student Attachments:**

As part of the undergraduate curriculum RCSI medical students attend a six week clinical placement in Psychiatry at St Davnet's Hospital Monaghan and Cavan General Hospital under the leadership of Professor Murphy During their clinical attachment RCSI students have the opportunity to experience modern community oriented mental health service delivery and are introduced to innovative approaches such as home based treatment for acute psychiatric disorders and primary care liaison psychiatry

**RCSI Teaching Programme - Psychiatry Monaghan Hospital Group**

We provide teaching at undergraduate level for medical students within Royal College of Surgeons in Ireland and for elective students from other medical schools. In addition to clinical attachments at Beaumont Hospital, students also attend Connolly Hospital (Blanchardstown), St. Ita's Hospital (Portrane), St. Vincent's Hospital (Fairview), St. Brendan’s Hospital, Cavan General Hospital, Newcastle Hospital (Greystones), St.Luke's Hospital (Kilkenny), St Davnet's Hospital (Monaghan) Cluain Mhuire Family Centre (Blackrock) and Waterford Regional Hospital. Curriculum delivery involves an on-line video lecture and interactive tutorial program, small-group tutorials, case-based teaching and clinical skills tutorials.
