Carol-anne Moulton graduated from The University of Melbourne, Melbourne Australia in 1992 and completed general surgical training earning certification from the Royal Australasian College of Surgeons in 2001. She undertook several Fellowships following this including a Fellowship in Upper Gastrointestinal and Laparoscopic Surgery at St. Vincents Hospital in Melbourne, a Fellowship in Hepato-Pancreatico-Biliary (HPB) Surgery at Toronto General Hospital, and a Surgical Education Fellowship at the University of Toronto, earning a Master’s of Higher Education in 2006 and a PhD in 2010. She is an Associate Professor in the Department of Surgery and the Director of the HPB Fellowship Program at the University of Toronto. In early 2010, Dr. Moulton became a Scientist at the Wilson Centre at the University of Toronto, and she is the recipient of the Early Researcher Award from the Ministry of Research and Innovation. Her research has been supported by the Medical Council of Canada, the Royal College of Physicians and Surgeons of Canada, and Physicians’ Services Incorporated. Dr. Moulton’s research program focuses on understanding the complexity of surgical judgment, the development of surgical expertise, and underlying causes of surgeon error.
90th ABRAHAM COLLES LECTURE

Professor Stan Monstrey, MD, PhD, CCP, FRCS
Department of Urology, Ghent University Hospital, Belgium

Stan J. Monstrey attended medical school at the State University of Gent where he graduated in 1980 ‘Magna cum Laude’. Thereafter, he did four years of General Surgery residency at the University Hospital in Nijmegen, The Netherlands, followed by four years of residency in Plastic Surgery back at the University Hospital in Gent. He qualified as an attending Plastic Surgeon in 1988 and in that same year he obtained his PhD degree at the University in Nijmegen, The Netherlands with a thesis entitled: ‘Trauma to the Urinary System’. From 1988-1989, he was attending Consultant Plastic Surgeon at the Academic Hospital of the Free University in Brussels and the following two years he went to the University of Pittsburgh (Pennsylvania, USA) for a research fellowship (as Fullbright scholar) and also for a clinical fellowship in Hand Surgery and Microsurgery.

In 1991 he went back to Belgium where he first became Assistant Professor, later Associate Professor and finally Full Professor and Chairman (1995) from the Department of Plastic Surgery at the Ghent University Hospital. He has been President of the Belgian Association for Burn Injuries (1998 – 2003), Secretary General of the European Association of Plastic Surgeons (EURAPS) from 2001 to 2007, President of the World Professional Association of Transgender Health (WPATH; 2005 – 2007), and also President of the Royal Belgian Society of Plastic Surgery (2010-2012).

Stan Monstrey is co-author and/or author of 265 peer reviewed articles, 14 book chapters. He is (co-)editor of 7 books and gave in total more than 600 scientific presentations.
ANNUAL MEETING OF THE IRISH HIGHER SURGICAL TRAINING GROUP (IHSTG),
Cheyne LT

Life Long Learning
As the surgical training pathway shortens, it is inevitable that surgeons will be required to learn and adapt to procedures as consultants that we were not exposed to in training. We are fortunate to have the wisdom and expertise of senior and retired consultants to enlighten us as to how they prepared and managed with the advent of new techniques.

NOTICE TO MEMBERS & FELLOWS

INTRODUCTION OF DIRECT DEBIT PAYMENTS

RCSI is delighted to announce that the College will be offering the option of paying Members and Fellows’ subscriptions by Direct Debit from May 2015. This will allow membership payments to be debited from your account automatically on an annual basis, removing the need to arrange payment each year.

Further details on how to avail of this new service will be communicated in the coming months.

Should you have any queries please email fellows@rcsi.ie
To acknowledge the essential contribution made by our examiners to the achievement of the College’s mission: “to educate, nurture and discover for the benefit of human health” RCSI has established a Court of Examiners.

The College invites applications from our Fellows to become Court Members and assist in the delivery of postgraduate surgical examinations.

There are many reasons to become involved in the work of RCSI’s Court of Examiners:

› Contribute to the assessment of junior colleagues
› Obtain PCS Credits
› Participate in Annual Meeting/Postgraduate Conferring
› Network with colleagues
› Examine in Overseas Centres

To find out more about becoming a Court Member, please visit the RCSI Court of Examiners Information Stand at the Charter Day Meeting or contact us by email at examiners@rcsi.ie
